

Lisa Azua

I am honored to be the Head of School at Holy Spirit Episcopal Church and School! I started here in 2019 and have enjoyed being a part of this amazing school.

I've always had a passion for working with children, and Holy Spirit allows me to do that in a loving and creative environment.

I am a native Austinite, and made the move toward Dripping Springs in 2005. At that time, I began working with children in my home childcare and church pre-school.

I graduated from St. Edward's University in 1996 with a BBA. That is where I met my husband, Art. We have three children who love living in Dripping Springs as much as we do.

Being part of Holy Spirit School has been a joy, and I look forward to watching the children grow and learn each day!
